#### PRESIDENT'S REPORT

Well another month has passed and Christmas is almost upon us, speaking of which Loris and I would like to wish all members and their families a wonderful Christmas and a very happy New Year.

Please drive safe and please, do get your classic car out for a drive.!

The past month was very hot so the twilight run to Captain Munchies attracted a good number of cars.

I was so annoyed with myself for not having a detailed run sheet, which caused some confusion and a lot of stress for Dave Currell, who I asked to lead the way. We also had one fragile car that did not make it to Captain Munchies. So for those organising a run in the future and those who intend participating I have put in this magazine the basic rules for convoy driving which along with a good run sheet and participants following the convoy rules it should be a pleasant event.

I was so thrilled to see so many people put their hands up to organise an event, Keith Agar is organising a Christmas lights run, Delray and Michael Hill are organising something for January, Pauline & Rhonda are planning a quiz night in the near future. So we need a volunteer to organise a run in March and April, any takers?

Brian White has decided to resign from the committee of management and his role as building manager. I would like to thank Brian for all the work he has done in the past and know that he will be back at some stage helping out again.

So, we are seeking expressions of interest in filling Brian's vacant Committee of Management role and also a volunteer to take over the Building Manager's role. The constitution allows for the Committee of Management to fill positions as they become vacant during the year, please let the Secretary know if you would like to be considered for either role.

So before I finish this month's report, I would like to thank your committee and all of the volunteers that make your club function. Some do a lot, many do a little, but collectively it all works, so thank you all for making our club the great club that it is.

Merry Christmas.

### Tony Warner

President - Vintage Automobile association of WA Inc. 0417 555 073

# From the Secretary & Registrars Desk

Hi Everyone.

November been a pleasant quiet month for our club, and the broader classic car movement has made the best the hottish end of spring before summer really sets in. We continue with monthly mid-week runs and Tony arranged a run to Fremantle for an excellent 60's style burger.

The Brockwell run to York, to commemorate Maurice's wonderful contribution to the WA Classic Car scene was a success, and enjoyed by several of our members.

It is great to see the workshop flourishing with more machines and vehicles being repaired and improved? The number of regulars on Wednesday and Saturday mornings is increasing, with room for more.

You are very welcome to come along and if you would like some help with a project large or small, please contact Bob De Jong on 0400 064 937.

Our Christmas party is coming up on the 8th probably just as you receive this magazine.

I am sure with Debbie and Loris's hard work and the excellent salad and sweet contributions from our members, it will again be a great event. So, decorate and fire up your classic and don't miss it.

We welcome Chris Briggs ('88 HJ75 Toyota Landcruiser) and Owen and Pina Pitcher ('65 Triumph GT6) as new members, and I am very pleased at the ongoing number of queries from people interested in joining our club.

Also, it is good to see existing members taking advantage of the concessional licensing our club offers. Please have an enjoyable and peaceful Christmas with your family and friends.

Very best wishes, happy classic motoring and take care!

Dave

## Convoy Rules

#### The success of a convoy run depends on two things:

a) the driver of the lead car knowing where he is going!

b) The driver of each car staying, WITHOUT FAIL, with the car BEHIND; NOT the car in front.

In practice this means that each driver, starting with the lead car, drives in such a way that they never lose visual contact, for any significant period, with the car following.

DO NOT attempt to stay with the car in front under any circumstance. Your responsibility and allegiance is with the car BEHIND you. Keep the car behind you in sight, if it is not the STOP in a safe place asap! You should drive at a speed and in such a way that the car behind you stays in contact. This is the Fundamental Rule of Convoy driving.

#### The following are a few ideas/hints on how to achieve this:

- a) Drive at a speed that you can comfortably maintain. If all goes to plan the actual speed of the convoy should be set by the slowest car. If you find you are pulling away from the car behind slow down slightly to allow them maintain visual contact. Conversely if the car behind you closes the gap, and you are able and willing to raise the speed slightly, do so until you have re-established a reasonable gap between the cars.
- b) Do not close up on the car in front unless the car behind has closed up on you! Try and maintain a constant speed, try not to keep speeding up and slowing down. The effect is accentuated as you pass down the convoy.
- c) Space between cars. There is no set distance; it will depend on speed, road conditions and line of sight. On main roads the distance can be quite large allowing other vehicles to overtake easily; on country routes the gap should be reduced to aid visual contact but still allow space for other traffic to overtake. In town the gap should be as small as possible. This aids visual contact and maximises the number of cars that can pass through traffic lights etc during each sequence.

#### Tony Warner

#### **Expression of Interest**

Unfortunately, we have had a resignation from our Management Committee and are seeking to fill the vacancy. If you would like to get involved in managing the affairs of the association and setting it future direction, please consider expressing your interest and letting Dave know (0419 998 589 secretary@vaawa.org.au). The committee meets every two months at the clubrooms. We are looking for an enthusiastic person keen to take on a leadership role within the club. It is your opportunity to contribute to the day to day running of the club as well as shaping our exciting future.

Kind Regards

Dave Currell

Secretary and Registrar Vintage Automobile Association of WA 0419 998 589

# From the Workshop

#### The Wild Man

When I first saw him, I saw something familiar – I just couldn't put my finger on it.

It wasn't the stubby shorts, flanno or 'wind swept' hair cut.

After sometime working with him in the workshop it dawned on me – it was the eyes – or rather, the look. I had seen it many times at the Sunday session and in the public bar (late). It was the look you wanted beside you, not in front of you – if you know what I mean.

Now it made sense, this bloke as a kid went scabbing at the tip with his brothers. Treasures uncovered and turned into coin. Ok, he copped a bit for it but who else could afford Aurora Jubes and the flicks on Saturday? He spent some time in Derby and survived to tell the tale – and as a bonus found a better half.

But what is obvious is his 'generosity of spirit' in the workshop – which just goes to show - 'You can't judge a book by it's cover'\*

# **Wanted**

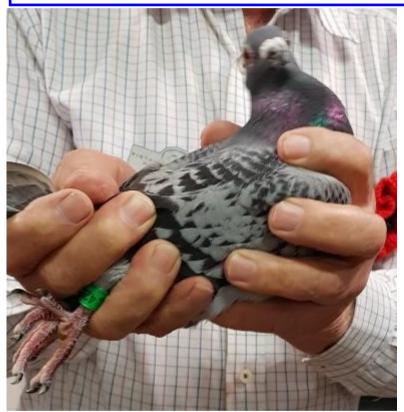

- 1 Starter motor to fit a 1928 Studebaker Director Alan Shuttleworth
  - 2 Sidecar Chassis and body to suit a BSA Plunger Frame A7 A10 in fair condition please contact Jeff 0456 057 239

## WANTED FOR THE WORKSHOP

If any members has the following that they could donate or loan to the workshop we would be most grateful. Parts washer - Imperial micrometres - Bore gauge or internal micrometres - Metric spanners. Kind regards,

# 7 ony Warner

0417 555 073

Rob Hyde introduced "Walter" the stray pigeon that he rescued at Bunnawarra Station and is now living happily with Rob's other 100 birds.

#### **VAA SWAP MEET 2020**

The VAA swap will be held meet on Sunday 29th March in 2020 at the same venue, the Perth Polo Club grounds in Guildford. Next year we are hoping to make it even bigger and better than previous years with some new attractions.

Although vintage and classic vehicles and parts will continue to be our main focus we are planning to include attractions for ladies and children as well as encouraging general stall holders.

All club members are invited and encouraged to be a part of our biggest event of the year.

We have started planning early and we welcome your ideas and assistance to make next year the best yet. Please call me on 0416-018-119 for suggestions and offers of help.

# **Christmas Luncheon**

8th of December

Well, It's here again, doesn't time fly. The Christmas Luncheon is on the so leave this day free to join us at the clubrooms at 12 noon for a sit down feast.

The club lashes out and we have yummy ham, succulent chicken and crusty rolls. This includes soft drinks. Byo alcohol.

If the ladies or gents could bring a long their favourite salad or sweet we have a meal for all to enjoy.

Call me for more info,

Debbie 0433365886
