**1968 SS Camaro - Owner Peter Callo**

## From the President's desk

This month is the start of my fifth term as your president and I consider it an honour to do so. I have enjoyed the past four years of your support and look forward to helping to steer the club over the next year.

We enjoy a great turnout for the Wednesday and Saturday workshop and morning tea. The workshop has quite a backlog for the hoist. There is always something new to see in the workshop, why not come down for a look. If you are willing, we can always find work for those who want to.

I was rewarded with a great turn out at this year's presidents run to the Ravenswood hotel. My thanks to all of those who attended and a speedy recovery to those who could not make it due to ill health.

I would like to welcome our three new committee of management members to our great club, Jon Jon Ramirez, Steve Hollis and Troy De Brenni. I am looking forward to seeing what they bring to the committee. Renewal of committee positions provide a great opportunity for continuous improvement. The outgoing committee members have made an outstanding contribution on your behalf, my thanks go to Val Smith, Graham Hough and to Peter Egan.

On a disappointing note though, no one has stepped up to take on the role of events coordinator. This role was elevated to the committee of management a few years ago to highlight the importance we as a club place on events, at the time of writing this the position is still vacant. The role as it is described is a "coordinator role" you do not have to arrange events or manage them. The main aim is to make sure those who are organising events are provided with assistance where required and help promote the events, to maintain a monthly events list for publication in the Past Times magazine and our web site the role can be as big or small as you have time for. All you really need is some basic PC skills and some moderate level of communication skills. I am unsure what will happen if we do not get an events coordinator.

We have had to change our bank account recently as Bankwest are not providing any business accounts after September. We are in the process of migrating to the Commonwealth bank. If any of you have changed bank accounts recently you will know how convoluted and frustrating it can be.

We have a date already for the 2024 swap meet, it is Sunday April 7<sup>th</sup> at the same venue as last year, The Swan Athletics Club in Mc Donald Street Herne Hill. We will be getting our flyers ready early so we can take advantage of the VCC swap meet in October and any other events we attend.

*Tony Warner* 0417 555 073

I own a 1968 SS Camaro, with a 350 Chev Engine. I have owned her for more than 20 years. I wanted one of these cars since I was about 20 years old, so I had a friend buy it for me when he was in the USA. She arrived as you see her, I haven't done any restoration or made any changes since I bought her, including maintaining the left hand drive. As she is over 25 years old, left hand drive is allowable for Australian licence.

We have travelled across the Nullarbor plain on 3 occasions. It has also been used for fundraising for 4 years, 2 years for the Leukemia Foundation and 2 years for the Royal Flying Doctor Service.

*Peter Callo*

Mug of the Month

July mug of the month was Paul Berkavicius. Paul also received a packet of Ginger and Lemon tea for these winter months, a Motor Neurone Disease beanie, also an ice cube bag if he decides to do the big freeze.

A previous mug winner, Paul was wrapped as this would add to his collection.

Merchandising Officer

*Brian Tucker*

The latest club merchandise are some rather nice pens with the club logo, \$2.00 each or 3 for \$5.00.

New stocks of quality dress shirts have arrived, full range of sizes, \$65.00 each. Months of July and August will include a free pen.

It is with many thanks that our club members have supported MND big freeze beanies, purchased for the monthly mug .

Merchandising Officer - *Brian Tucker*

### Bus Preservations Society, Thursday 18th May

The May Midweek run to the Bus Preservations Society was organised by our resident auto electrician Rob Popiel. This facility is not normally open to the public and was a real eye opener for those of us who attended. There are many historical buses being restored and maintained in this facility. Rob assures me that the facility is much like our own workshop but with bigger toys. In attendance were Barry & Dot Ryle in their XK150 Jaguar, Rob Hyde in his HR Holden, Lance Glew in the Ford Police car, Brian Tucker in a Holden Statesman, Peter and Christine Goldsmith in their Chrysler, Jason Ferris also in a Chrysler, John Rabbit and Rob Popiel in their moderns and I am ashamed to say myself also in a modern.

Happy to report that both of my Daimlers are now back on the road. Hence the photo of the front of a Daimler bus.

It was great of Rob Popiel to organise this run and it serves as a reminder that any of you may indeed organise an event it is not hard to do at all, if you need help just ask.

*Tony Warner*

### Workshop morning tea, Wednesday 12th July,

A shot of the workshop morning tea, I know a couple of members were outside so a few were missing. They really are like seagulls on hot chips the food just disappears, I swear some of them do not eat for days before the customary morning teas. Shirley and Neville spoil these guys so much and we have such a laugh, members should come and join us

*Tony Warner*

It has been a custom in the club for as long as I can remember that at the end of each financial year the President organizes a run. My first one was to the historic tavern at Greenhill's, we had about 50 members in attendance, the weather was just like July the 16<sup>th</sup>, sunny and very pleasant. My second run was down to North Yunderup to "The Jetty's" it was a wet day so the numbers were down to about 30 members although the afternoon was very nice, last year we went to Lancelin it rained all the way there so the numbers were down even more.....to 20 members, again the afternoon was lovely.

Some of us started the journey from the clubrooms and headed down to the Narrogin Inn car park where we picked up more members, some joined us at the venue as they were local.

Everyone met at the Old Narrogin Inn in Armadale

This year we had similar weather to the weather we had at Greenhill's and the numbers were back up to 54 by my count. So, it seems we have some fair-weather club members, looks like I need to check on the forecast for next year. There were only a few members turning up in moderns, nearly everyone managed to get a classic out for a Sunday drive exactly what the club is all about.

We had a nice route planned and supplied by Barry & Dot Ryle. Everyone I spoke to really enjoyed it. I went on roads that I have never been on before, Barry told me that this route has been used by the Austin Seven club before so most of it was off the beaten track with low traffic. .

President, Tony Warner and Barry Ryle briefed everyone at the commencement of the run

## Presidents Run - Ravenswood Hotel, Sunday July 16th 2023

Cars lined up ready to head off to Ravenswood

Most members followed the convoy rules so we all made it to Ravenswood together, which was as it should be. Bob De Jong was tail end Charlie, and he was not called on to help anyone which would indicate a high level of confidence in all those who attended in their vehicles.

Cars on arrival at the Ravenswood Hotel

Members enjoying their lunch

The venue was very busy, but the food came out very quickly, all things considered, I think most members and guests enjoyed their food, I know I did.

Apart from thanking everyone who attended the run to help me celebrate the end of my fourth term I would like to thank Barry and Dot for leading the way and providing the run sheet also Bob De Jong for bringing up the rear and looking out for everyone. Next year? Who knows, we may try something completely different.

*Tony Warner*

Winner of the June monthly mug, Workshop Manager Bob De Jong, made good use of his prize of the MND big freeze beanie, driving his Chev convertible on the Presidents run Sunday 16th July.

Merchandising Officer

*Brian Tucker*

### Cars Coffee and Cakes, Thursday 20th July

On the third Thursday of July, we had our customary Cars Coffee and Cakes at the Coffee Hut on Great Northern Highway, Herne Hill. In attendance were Tom Polich, Lance and Cheryl Glew, Rob Popiel, Rob Hyde and Aka, Tony and Loris, Dan Fanetti, and Willie Siroen.

Loris and I along with Rob Popiel and Tom Polich went to look at Bells Rapids which was running quite well. Next month for our Cars Coffee and Cakes we may have an opportunity to go to a shed after coffee, to look at some vehicles. More info to follow.

Rob's car in Bells Rapid carpark

Loris Cooper, Rob Popiel and Tom Polich

*Tony Warner*

## The Dirt from the Dodgy Brother's Red Dust Buster

This month, we retrieved a firewall from a sister club, unfortunately it was for a truck and too wide, despite Lance's best attempts with star pickets and the sacrifice of his electric fence. So adopting the Bullwinkle approach, back to the source and we have found another one. This time for sure.

### Attempt number 1:

Collecting the 1924 firewall

Are you sure this will pass scrutineering?

We may need to improve the streamlining

### Attempt number 2:

If at first you don't succeed...

Looks like it should come with a flux capacitor or be in a museum of Modern Art. When the floor and bulkhead rots out, just move everything onto the instrument cluster. The household light switch is a concern.

The steering box was removed, and the problem with steering shaft not moving was found. The team with a lot of brute force (don't force it, get a bigger hammer) freed the shaft and buggared a bearing. Oh well, that will teach it for not moving. A replacement bearing was found and installed, and Bob impressed us with his knowledge on how to adjust and set steering boxes correctly. Thanks Bob. This has been good practice for the guys, as another two frozen steering boxes have come into the club. (Is this like the phenomena of ladies going to the Loo in herds?).

A visit from John Young who helped us identify the various parts we were given, he also supplied the missing clutch and bell housing.

Next month, we will reinstall the steering box and have a rolling and steerable chassis. Definitely an improvement from the unsteerable and locked wheeled \*\*\*!!!! that was dragged and manhandled onto the trailer. We will hopefully also have a firewall scuttle.

*Steve Hollis*

I thank, Trevor Harrison, and other members for their donations to our club of the listed below books. A number, which are from Ralph and Trevor Harrison's collection. These books are now added to the library. Members are welcome to borrow these books, however please enter the details in the loan file.

A number of members have borrowed books for a fair length of time. If a member wishes to extend the loan of a book please let me know and adjust the loan file.

## COUNCIL OF MOTORING CLUBS WA (INC.) - CARBON OFFSET SCHEME

The Council of Motoring Clubs WA has introduced a Carbon Offset scheme for classic and historic vehicle owners as a convenient way to balance the greenhouse gas emissions generated by their vehicle use each year.

Driving an older vehicle generally means less fuel economy as new vehicles are more fuel efficient. However, a new internal combustion engine car generates a substantial 'carbon footprint' in its manufacture that can be equal to the CO2 equivalent produced by its lifetime exhaust gas emissions. Electric vehicles also have a significant manufacturing carbon footprint which is typically as much, if not more, than that of a similar sized internal combustion vehicle.

A classic or historic vehicle's carbon footprint from its original manufacture decades ago no longer has any relevance. Further, these vehicles tend to be driven or ridden far less than modern vehicles which are generally used every day for commuting and general transport. The total amount of fuel used by the half a million historic vehicle owners in Australia accounts for only about 0.05% of total petroleum-based fuel consumption.

A classic or historic car driven primarily in club social runs will typically generate less than 750kg of carbon per year - about the same as the family dog produces (from breathing and food consumed) each year.

The Council of Motoring Clubs WA has partnered with Carbon Positive Australia, an accredited charitable trust based in Western Australia, to provide the opportunity for classic and historic vehicle owners to voluntarily contribute funding for revegetation projects, primarily located within the WA wheatbelt, according to their annual vehicle usage. The scheme is accessed through the Council's website (<https://councilofmotoringclubswa.wildapricot.org/>) under the 'Carbon Offset' menu tab.

Similar schemes are in place in the United Kingdom by the Federation of British Historic Vehicle Clubs and in Australia by the Association of Motoring Clubs Victoria.

*Dave Currell*

The Electrobat was one of the first electric automobiles. It was designed and built by mechanical engineer Henry G. Morris and chemist Pedro G. Salom in Philadelphia, Pennsylvania. Reorganised as the "Electric Vehicle Company", they patented their Electrobat automobile 31st August, 1894

In July 1897 The Samuel's Electric Carriage & Wagon Company put the first motorised taxi on the streets of New York. They had 62 cabs in use within a year.

## VAA Club Event - Sunday 27th August

Run to Ron and Jenny Perry's Rural Property at Talbot, south of York  
 A country drive meandering through the golden Canola, Cereal crops and Livestock farming areas and the bush areas where the occasional Kangaroos and Emus can be spotted in the wild

### Itinerary

Meet 9.30am at club rooms 19 Helen St Bellevue  
 Departing 10am

Alternatively meet at The Lakes 10.30am  
 Departing 11am

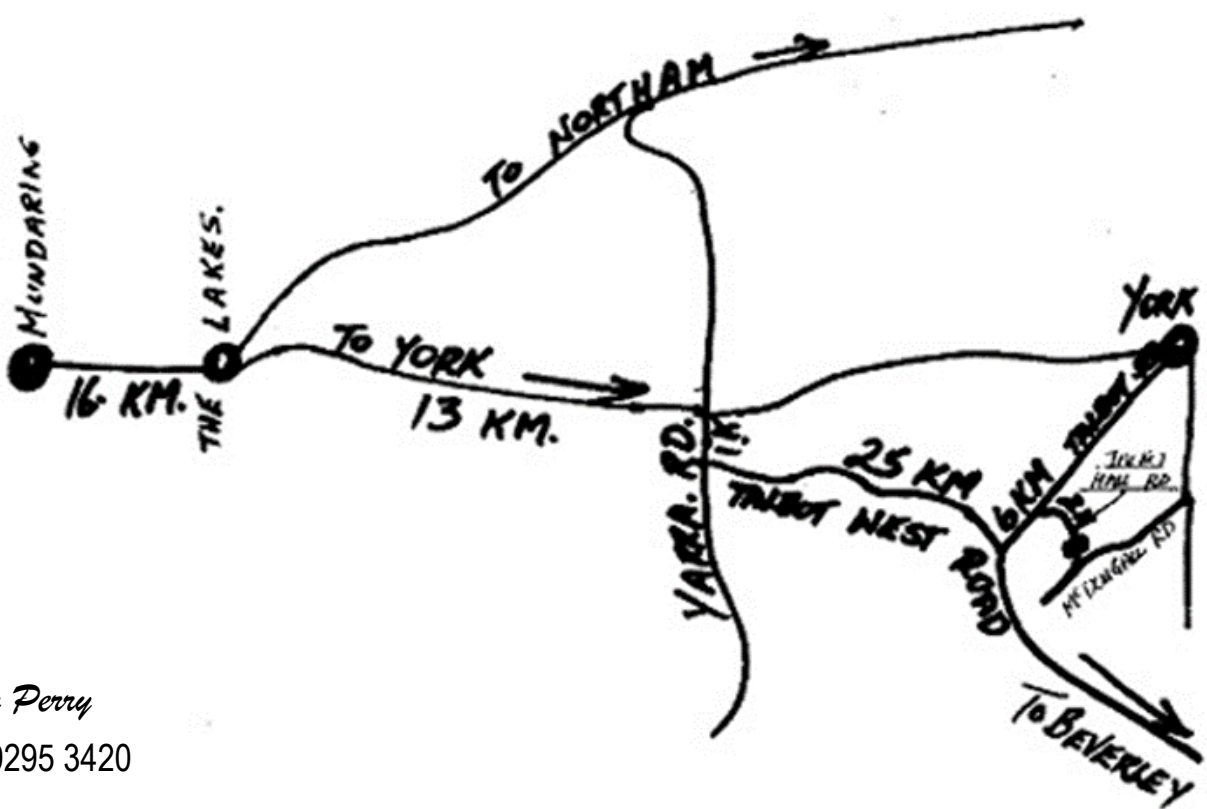

Tea, Coffee, Rainwater and Hot plate provided  
 BYO picnic or BBQ Pack  
 Don't forget your chairs

Main Contact: Ron Perry 08 9295 3420  
 or Brian Tucker 0428 803 606

### Run Sheet

Ron and Jenny Perry's farm, 194 Talbot Hall Rd

1. Depart club rooms 10 am
2. Assemble Lakes car park 10.30 am. (Ron will meet us here)
3. Depart towards York 11 am, proceed 13 Km.
4. Turn right into Yarra Rd, continue 1.5 Km.
5. Turn left into Talbot West Rd, continue 25 Km.
6. Turn Left into Talbot Rd, continue 6 Km.
7. Turn right into Talbot Hall Rd, continue 2 Km.
8. To 194 Talbot Hall Rd, Turn right into "Farm Gate".
9. Go through gate turn right, keeping to the fire break, drive up to the Green Colourbond shed.

Ron Perry  
 08 9295 3420

## Membership Update

Please welcome the following new members into our club. Their nominations were accepted at the July general and committee meetings:

- Jason and Shiree HERBERT with their 1970 HOLDEN Monaro GTS;
- Chei and Sara GLEESON who have a 1965 FORD Mustang;
- Dirk LEES. Dirk has 1966 HOLDEN HR Special;
- Carmelo SCIACCA who has a 1970 FORD Capri;
- Stephen McTAGGART with his 1970 DAIMLER Sovereign;
- Maria and Peter SOBCZYK. They have a 1962 CHEVROLET Corvette;
- Robert SOBCZYK with his 1991 HOLDEN VN Commodore.

Club membership and vehicles as at 27/7/2023:
