### Special Notice

For those that want to organise an outing sometime/somewhere then please let Pauline or Frank (the Editor) know your plans.

*Robert*

### Sundowner BBQ

**It's on again, so come early and get your dinner cooked for you.**

*Robert*

## PRESIDENT'S REPORT

Another month has crept up on me and after receiving a phone call from our editor it is time to put pen to paper again. You would think it would get easier to write a report after all these years, but it doesn't seem to. Summer is now officially over and we should start to see some cooler days so it is nearly time to get that classic out on some of the many events that are happening.

The club and it's members look forward to seeing many of you.

Our Wednesday workshop days are still going strong and there always seems to be a new project or two for the lads to work on.

The Talbot is becoming very interesting and it is great that some history has been found, when it was built and then shipped to Perth. Thanks Dave for finding out a few things about this very unique vehicle.

While I am in the thanking mood, it is time to say thanks to others who do a lot of behind the scenes for this club. These thanks are in no particular order, but I will put ladies first.

Shirley who sorts the raffle prizes out for us and also keeps the kitchen supplies filled.

The other ladies who help out in the kitchen at various times.

Amelia who seems to have a camera in her hand most times and then shoots the pictures across to Frank. Sian, also for her work with the camera, which includes her calendar and also the vehicles that participated in the Valentine's Run.

It is always nice to see other lady members at our meetings.

Joseph seems to be a master at making trophies, but also brings items for our workshop on each of his visits.

Brian for his donations, also of workshop items and usually his cooking before the meeting.

Peter donated a washer/blaster some weeks ago.

Domenic seems to enjoy the Wednesday mornings and we are also very lucky to have an electrician on hand whenever one is required.

A big thank you from all members, to Marshall and Rosemary for sourcing our new fridge.

There are many others that front up on Wednesdays and believe me it is well appreciated by all.

Our morning teas are a great time to sit and chat and hear some of the tall stories that some of us got up to in our younger days. We welcome anybody that is at a loose end on our Wednesdays, you don't have to be mechanical (I am not, but I find things to do).

In finishing up this report I thank the many members who attend our meetings and make it an enjoyable evening for all.

Safe motoring.

*Robert*

### **We Need You and your Vintage Vehicle at the VAAWA Swap Meet on Sunday April 7th.**

This is our one big opportunity to fund the club each year which helps keep membership fees down and enables us to maintain and continually improve our club rooms.

Volunteers needed on Saturday morning 6th April to load equipment and transport to the Perth Polo Grounds in Guildford. The grounds need to be made ready for a early start on the Sunday including setting up the kitchen and setting out the sellers parking area.

At 5 am on the Sunday sellers will be queuing up for an early entry and set up. Members are required around 5.30 to 6.00 am on gate admission and parking marshals.

Help required during the morning for BBQ and various duties.

Bring your bike, car or truck to put on display. Spread the word to potential sellers and buyers.

Anyone that still has swap meet flyers please hand them out or put them on notice boards at auto parts stores or on the notice boards at Woolworths or Coles etc.

Don't be shy. Turn up, lend a hand and say hello to fellow club members.

Maybe grab a bargain or your next major project.

Hope to see you all there.

*Ray Smith*

Swap Meet Coordinator.

MINUTES OF THE V.A.A.W.A. GENERAL MEETING  
19 Helen Street, Bellevue. 8<sup>th</sup> February 2019

Meeting opened at	8:05
Attendees	90 as per attendance book

The 18 <sup>th</sup> of May is to be a busy bee to install the awnings above the West facing windows and other jobs. Ray Smith is going to be away for the weeks leading up to the Swap meet, so some volunteers are going to be required.
Raffle winners	The raffle raised \$275.00 a new record, the winners were, Gretar Jonson, Neville Everett, Dave Glew and Dougie.
Display car	The display vehicle was a ex department of defence motor cycle.
Meeting closed	8:55.

# VAA COMMITTEE MEETING

5/2/2019

Meeting opened at 7:45pm

Apologies from Frank Ferrari, Jason Ferris.

**Committee members present were;**

Tony Warner, Rob Hyde, Pauline Velden, Ron Perry, Brian White, Shirley Everett, Dave Currell.

**Observers were** Neville Everett

Nil

A quorum was established.

The minutes of the previous committee meeting were approved on a motion by Brian White seconded by Rob Hyde motion carried.

The car trailer was discussed at length. Dave Currell exhibited a draft hire form which requires the user to acknowledge that the tow vehicle is suitable for the vehicle being picked up, also acknowledging the total gross weight is not to exceed 2 tonnes.

Further it was also decided that the use NOT be free and a hire rate of \$50.00 per use (not day) was deemed to be reasonable.

It is also intended that a couple of committee members be available to open up for the discharge and return of the trailer and a booking form be added to the VAA web page.

The VK Holden donated to the club will be sold to the highest bidder by way of a silent auction. Members will need to put their bid in an envelope with VK Holden clearly written on the envelope and the amount being bid should be on a piece of paper inside including the name of the bidder. The bids will be opened at the April meeting to give all members an opportunity to bid.

It was resolved that we have a busy bee on Saturday the 18<sup>th</sup> of May to install the awnings over the West facing windows. We will be asking for a member to manage this event as we will most likely need to have some scaffolding and other safety requirements.

There was no swap meet report as Ray Smith was not present.

Opening of the clubrooms on Wednesday mornings was discuss but it was decided to leave that to those who attend to address.

The VAA regalia was discussed it was decided that Pauline Velden and Jason discuss this and perhaps come up with a recommendation.

It was thought that we should have a yearly calendar for all events on a yearly planner in the clubroom and members be asked to fill in gaps (organise an event) where runs and events are thin on the ground. Tony Warner to source a planner.

Jason Ferris suggested a silent alarm and or camera inside the clubrooms, suggesting it might reduce our insurance costs. It was thought that this needs to be quantified prior to proceeding.

Dave Currell is looking at re-vamping our web site with the view to providing a mechanism to book an impromptu event and add the trailer hire calendar. It was also discussed that it might be possible to eventually pay annual membership fees via the web site.

Ron Perry nominated Ray Smith, Val Smith, Martin Paine and Debbie Paine for life membership. It was resolved that the current number of life members was at the maximum allowed under the constitution therefore the nomination was nullified.

**The next committee meeting will be held at the clubrooms at the earlier time of 7:30 on Tuesday the 2<sup>nd</sup> of April**

Meeting closed at 8:55pm

SATURDAY WORKSHOP ROSTER		
2 <sup>ND</sup> MARCH	TONY WARNER	0417 555 073
9 <sup>TH</sup> MARCH	DAVE CURRELL	0419 998 589
16 <sup>TH</sup> MARCH	BRIAN WHITE	0407 619 054
23 <sup>RD</sup> MARCH	JASON FERRIS	0499 509 621
30 <sup>TH</sup> MARCH	RAY ROBERTSs	0438 911 387
6 <sup>TH</sup> APRIL	GREAME BARTON	0409 911 387
13 <sup>TH</sup> APRIL	TONY WARNER	0417 555 073
20th APRIL	DAVE CURRELL	0419 998 589

Please be advised that we will be opening the workshop on Saturday mornings BY APPOINTMENT ONLY 9:00am until 1:00pm, the people above have been rostered on. They will operate the hoist for you should you wish to do some MINOR work on your vehicle or just look at the underside of it. It might be better to book a time if possible by calling the person on roster.

Regards Kevin Sadler

Contact: Tony Warner

## VK HOLDEN SEDAN

This car was donated to the club to do as we see fit. It has some rust but not terminal, good tyres brakes and a tidy interior. The car is an automatic 6 cylinder with power steering. It also has air conditioning although the belt is not on the car, so the condition of the A/C is unknown.

The car got a yellow sticker mainly for a cracked windscreen and peeling window tint. When parked it leaves a calling card, so some attention is required to oil leaks.

The VK Holden will be sold to the highest bidder (members only) by way of a silent auction. Members will need to put their bid in an envelope with VK Holden clearly written on the envelope and the amount being bid should be on a piece of paper inside including the name of the bidder. The bids will be opened at the April meeting to give all members an opportunity to bid please see photos and or look at the car which is parked in the rear of our yard.

### **From the Secretary/ Registrar's desk**

Well it was a full house at last months meeting. We ran out of bread for the sausage sizzle but thankfully some of you bought along some supper to have after the meeting.

In the workshop we have the 1926 Talbot which is proving to be a challenge for the team of Bob DeJong, Warren Hutching, Trevor Holmwood and Dave Currell but progress is being made. Ray Smith's Holden grey motor is being worked on by Brian White and Tony Warner, Alan Warner has taken on the Honda Giro, Tony and Alan Warner are making slow progress on the MotoGuzzi.

Dave Currell and Tony Warner have purchased a TIG welder with all of the spare parts required including gas in order to start the introduction to TIG welding which is being run by Rob Maier. The training will be on Saturday's so that those who work can come and have a go. Dates to be advised but please let Tony Warner know if you are interested after or before our next club meeting so we can arrange a number of suitable dates. We will need to impose a small fee to cover the consumables 50% of which will go to the club.

Occasionally in life you come across people who simply excel in their chosen profession, Rob Maier is one such person. I have never seen such accurate and quality sheet metal work come out of any other workshop. The panels he welds in do not require body filler just a little spray putty ask Rob to see some of his photo's. I think anyone who can make a rear bumper for a Ford Capri from scratch in stainless steel says a lot. Better still Rob is available to work on members cars on a fee for service. I will write up a story for the next magazine with photo's you will be amazed.

I think I am fully up to date with CMC Form 1's and membership applications, I am now turning my attention to working out the finer points in order to comply with our new constitution, a bit early you think? Well I do know we have to give 42 days notice so I will need to get this into the magazine for the May edition.

See you all at the next meeting please try to remember to bring something for supper.

Kind Regards,

*Tony Warner*
