MINUTES FOR THE V.A.A.W.A. COMMITTEE MEETING
Meeting at Clubrooms 19 Helen Street, Bellevue. 27th October 2020 – 7:30pm

Open Meeting	7:36 pm
Members Present	Tony Warner, Keith Agar, Rhonda Barton, Loris Cooper, Dave Currell, Martin Paine, Domenic Paoliello, Bill Redeckis, Pauline Velden
Apologies	Graeme Barton, Kevin Lockyer, Ray and Val Smith
Visitors	
Previous minutes	Approved on a motion by Bill seconded by Loris, motion carried.
Business arising	Nil
Events	Pauline sent rolling 12-month calendar and will update it shortly. Tony said the annual breakfast and Valentine's run needed to be added.
Finance	Total balance \$27,000. Payment approvals moved Keith seconded by Bill were accepted. There was discussion on the need for a simple mechanism to understand the clubs budget situation as well as cash in bank.
Building	Security camera quotes deferred until Dom able to instal.
Registrar	New member nomination for Martin and Joan WILLETTS (1989 Volvo 740GL) and Mike OLD-FIELD (1990 Mercedes 300SE) were accepted. As of 23/10/2020 237 financial members. The committee agreed that with the present focus on concessional licensing it was particularly important to remind all members to comply with the requirements and that concessional licensing applications would not be accepted without the cars being scrutineered by the club.
Workshop	Blind auction bids have been called for the FIAT X1/9 closing 10/11 and Alan Warner is appointed as for project management the Riley restoration.
Merchandise	Rhonda is still seeking sources of shirts and hats. There was discussion that it may be preferable to make the logo embroidery service available and allow members to select their own garments. Do they all need to be the same colour?
Web	Another pleasant increase in the website usage with more return visits.
Swap meet 2020	Further ads have been placed and Curtin Radio will ramp up shortly. The Rare Spares \$200 Voucher and 200 "Show Bags" have been received. Voucher will be raffled at \$2/ticket and a show bag given away with the first 200 sales. Patrons will be advised (by sign) to practice social distancing and disinfectant will be available. Action: Dave to submit Gallagher's Form advising them of the event.
50 th Anniversary	Commemorative Name Badges may be considered for all members. Action: Tony to contact Delray Hill for an update on the club history.
General business	There has been a very good response to Cynthia Payne's 90th birthday celebration. The committee agreed it would be a nice gesture to offer similar celebrations to members reaching milestone birthdays (80, 90) The committee will consider aged care centre visits perhaps with the BBQ trailer once COVID-19 restrictions are lifted The COVID-19 2 square metre rule is now likely to continue until February so we will continue to conduct meetings at the RSL. There will be another AGM in July 2021.
Next Meeting	The next meeting will be held Tuesday 24 November at 7:30pm.
Close Meeting	9:13 pm

Publisher	80 printed magazines and 215 e-mail
Building Report	Front gutter needs repair.
Registrar and Approve New Members	Membership nominations for Stuart Polich (FB Holden) and Tom Polich (Holden 48-215) approved on a motion by --Graham Hough seconded by Bill Redekis. We had 254 members at the end of 2019/20 with 226 renewals. Non renewals largely due to cars being sold and illness. So far attracted 11 new members for the year for 237 members with 146 spouse and partners owning 563 vehicles of which 385 are under concession. Fun Fact: The club has doubled in size over the last 10 years. 2012 was the largest growth year with pleasing double-digit growth over the last 3.
CMC Report	AGM 17/8/2020 Filled all positions 109 member clubs. Next General Meeting 19 October.
Workshop Report	Busy with good attendance, Contact Bob de Jong to book in any work. Tony called for bids for the FIAT X1/9 and nominations for a Project Manager for the Riley RMB restoration being undertaken by the club.
Committee Report	Monthly committee meetings will continue. See minutes in the magazine.
General business	Dave confirmed the AGM will be held on Tue 8 December. Written nominations for positions by Tue 10 November please. See the magazine for a description of positions and a proposed change to the constitution. Mark Richards gave a briefing on the proposed closure of Robinson Road due to the new Metro net Workshop and asked he club to support a protest rally. Brian Pilton told the meeting about the enjoyable annual Maurice Brockwell run in which he and some other members participated.

Secretary and Registrar

Getting everyone together for the October general meeting for the first time in seven months was terrific and very enjoyable. With the WA Government announcing on-going restrictions, we will continue to hold meetings at the RSL for at least the next few months. Please remember same place, same time for the general meeting on 10th November and the general meeting and AGM on 8th December. Come early for the sausage sizzle and a chat with your fellow members.

For the AGM, please remember that written nominations for all positions are due at the general meeting on 10th November. Nominations from the floor will only be requested if we do not have written nominations. I have already had a good response for many of the positions, so if you are interested in a position or know someone who is, please let me have your nomination. There is a description of all the positions and nomination form are included again later in the magazine

As I write this, we have 238 members with more in the pipeline. A very warm welcome to our newest members. Michael Stampalia (1965 Buick Riviera), Stuart Polich (1960 Holden FB), Tom Polich (1951 Holden 48-215), Darren and Liana Kuhn (1978 Mercedes 450SEL, Martin and Joan Willetts (1989 Volvo 740GL) and Michael Oldfield (1990 Mercedes 300SE). We look forward to meeting them all soon.

The Council of Motoring Clubs (CMC) has approached government to express concerns that the introduction of the new Concession for Classics scheme, due for introduction early next year, may lead to some undesirable changes to our current Code 404 scheme. I will keep you informed as we hear more. With the current focus on concessional licensing, it is particularly important that you follow all the requirements and guidelines which you can find here <http://www.vaawa.org.au/files/CMCconcessioncode404.pdf>, pick up from the club rooms or ask me to post. This will hopefully help protect what is a very generous scheme for many of our members and several thousand enthusiasts around the state.

Happy and safe classic motoring!

Dave

A 90th BIRTHDAY TO REMEMBER

Thank you so much for the use of the VAAWA Club house on the 31st October to help me celebrate my 90th birthday. The event was a great success thanks to the efforts of Loris, Rhonda, Debbie, Shirley and Tony who decorated the venue and supplied an afternoon tea for Artist friends and VAA Club members alike, and tidied up after us as well.

I feel very blessed to have so many good friends who came and made it a great day for me and I hope an enjoyable time for them.

Many thanks to President Tony and Loris who made it possible Cynthia xx.

PRESIDENT'S REPORT

How wonderful it was to have a general meeting again, albeit at the RSL and not our clubrooms. It was lovely to see everyone again, some 54 members turned up and enjoyed our usual sausage sizzle and being at the RSL we could also have a modest drink as well.

Given our Premier is insisting on keeping the 1.5 meter rule going until at least Christmas, we will be having the next two meetings at the RSL at this stage, same time and of course the second Tuesday of the month.

I look forward to seeing many of you then.

Just a reminder that we have some significant events coming up, firstly we have a display at the Guildford markets on Sunday the 15th of November, we need lots of vehicles for this, as it will also be our last chance to promote the Swap Meet which is on the 22nd of November. Not long after this we have our Christmas function at the Swans Function Centre on the 6th of December. This is new for us and members need to pay upfront as we have to give the venues numbers a week out from the event. The cost is \$20.00 per head for members and partners, guests are allowed but they will need to pay the full price of \$32.00 a head. There is a licensed bar, so there is to be no alcohol brought into the venue.

You can pay at the meeting by EFT, please make sure you put your name in the eft payment description.

They can only seat 80 so please make sure you book early!

There has been lots of activity in the workshop. It is great to see Domenic's Austin Seven coming together, it should be home by Christmas. Bill Redeckis's 37 Ford sedan had the gearbox fixed, by the time you read this the Volvo should be licensed and ready for sale and the Vanguard engine has been collected after being assembled by Trevor Holmwood and Brian White. So the workshop is humming at the moment. Alan Warner has been appointed project leader for the Riley which is progressing well. I am happy to announce that S&S Industries are going to donate all of the paint for the Riley saving the club several hundred dollars so a big thank you to Tony, Ron and Willie Siroen.

We had a lovely turn out for Cynthia's 90th birthday good contingent of our club. Cynthia's friends and family were in attendance and our ladies did a great job making the place look amazing. Special thanks goes to Loris Cooper, Shirley Everett, Pauline Velden, Rhonda Barton and of course all the ladies who brought food.

It was so nice to have an informal gathering

Now that I have my other Daimler back I hope to be able to get two cars to the upcoming events, how many will you bring? happy classic motoring.

Until next time happy classic motoring.

Kind regards,

Tony Warner

MUCKINBUDIN ROCKS TRIP 22/9/2020

(following on from the October edition - Wheatbelt Way Mukinbudin by Ray Smith)

Arrived at the Bakers Hill Bakery, to find a group already there, raring to get on the road. There were nine of us, Keith and Kath Agar, Brian Brookes, Ron and Jenny Perry, Ray and Val Smith and Graeme and Rhonda Barton. Brian White came to see us off and had a cuppa with us.

We headed out toward Wongan Hills and then to Byberding Road where Maitland and Margaret Davey were waiting to welcome us to their property. Maitland immediately got the ute out and took the men for a run around the property, three men standing on the tray, (loving it I am sure.)

They were gone for quite a while, and Margaret showed us around the homestead and yards. We met her granddaughter Tiffany and her son Nathan. We had a look at the amazing machinery used nowadays and Kath got to ride in the huge Four Tracker.

When the men arrived back full of information about what they had seen, we got the Barbeque under way.

A beaut evening was spent chatting about all sorts. Early to bed. The Bartons, the Agars and Brian Brookes had their vans, the Smiths stayed in their car, and the Perry's headed in to the Wongan Hills Motel.

Up early and off to pick up the Perry's for our day on the road. First stop was Beacon, a lovely little country town, where we went to a Men's Shed and two lovely girls (Brooke and Carly) put on a wonderful Morning Tea for us.

The local school, 21 kiddies of all ages, came to have a look at the Vintage cars, but were disappointed. We were going on a lot of dirt road, so all drove moderns.

After the cuppa, we headed out for a day of Rock Hopping, and saw some wonderful formations.

That evening, headed to Muckinbudin, another nice town, to stay the night. We all met up at the Hotel for a meal.

The service was terribly slow, but we all had a laugh over that as we were happy to chat anyway.

Next morning, off to look at more Rock Formations and picnic at Baladjie Reserve. All up, we did approximately 1100 km.

After this everyone went their own way, some back to the property and others either home or to spend another couple of nights out camping.

It was a wonderful experience and we thank Maitland and Margaret for their outstanding efforts to make the trip memorable.

Riley Update.

We have started work on the Riley and have made significant progress to-date. We started by fitting all the hanging panels to ensure all fitted ok then dismantled the car in preparation for painting. We have since prepared the main body of the car and have it in primer as we speak. While this has been happening the workshop crew have been busy preparing the doors etc ready for painting and Kevin has taken delivery of the major parts being the mudguards, boot etc and has sandblasted them prior to repair and painting. We have also made contact with a motor trimmer who has kindly offered to donate his time for the internal trimming repairs so we are only paying for materials. Bob has inspected the car mechanically and determined that the brakes require some work, parts have been located and ordered so all is well there. The replacement rear screen has been purchased and is awaiting pick up in the UK, this has proven very hard to find so we struck some luck there. That's about it for now other than to thank all who have been involved so far.

Watch this space next month for a further update and some more photos.

Alan

What's This Workshop Thingy?

In idle conversation with (non-automobile) people, you can let slip you muck around in a workshop.

Then the questions start: what workshop? What club? etc.

Explaining the 'Vintage Automobile Association of WA' is not a bunch of toffee nosed, wooden spoke wheel car owners with goggles and pipe - is a little difficult!

But when they have a good look at the flanno and thongs they begin to understand.

What they find perplexing is that we can make broken cars good again – with me standing in front of them as an example of a workshop guy.

What they miss is that I am just part of a group of talent. My particular forte is torch holding, tool losing and finding!

And silly suggestion making – those particular fortes pale against the skills of

Jim: who can write his name with an arc

Tony: who has the happy knack of having the tool we need (at his place).

Bob: who has the fearless persistence to solve a problem knowing he will be late to smoko and miss the party pies!

Little Mark: who can put tools away where they are *meant* to be (and so only he can find them).

Big Mark: who can clean up a Riley door or two and fit in 9 holes of scroungers in one day.

Alan: whose irrepressible 'can do' attitude with a 'why not' smile sets the tone.

Trevor: who just gets on and does it while the rest of us are still talking about it.

Dave: whose 'obsessive compulsive' is essential in keeping us on track and on task. His brain was wasted in the Public Service – he should have been a mechanical engineer.

And of course, the workshop is an elite place of learning – ask poor Dom.

His Austin 7 is teaching him the lessons any young back yard mechanic learnt.

This week's lesson for Dom - 'When you do up the donk – you must do up the drive line to cope'.
