Special Notice

If anybody wants to organize a run during the week then please let Pauline know and it will happen.

Robert

Sundowner BBQ

The sausage sizzle sundowner is on again 6.30 pm – come and enjoy

Robert

PRESIDENT'S REPORT

This is going to be one of my shortest reports, as even though the month is nearly over I feel there has not been a lot happening.

We have had John Buise's "Vintage Tin Run" to Cuballing and surrounding areas which John will report on in the next month's magazine. I was only able to do the Saturday section of the run as I have had home duties while Lorraine is away.

I had 2 passengers Amelia and Frank, so that made the day enjoyable otherwise it would have been a little lonely as we did about 500 kilometres on the day.

I will not steal John's thunder but it was a most enjoyable day out in the country and we had a great lunch at the Kulin Hotel and then a visit to the local men's shed which was very interesting as amongst other vehicles they had 3 '1926 Chevrolet' trucks in their collection.

Thanks John for a well organized and enjoyable weekend at your home!

The next run organized by the Bindoon Community was their display day on the local oval. About five VAA members made the effort to attend and the day was enjoyed by all. Once again a nice one hour drive from Perth and we get 5 members and their vehicles.....'makes one wonder why we get so few vehicles out of their sheds'.

Our Wednesday group continues to grow and I know that it is enjoyed by all that attend and a very important day for those that have retired but still able to use their skills in various ways. Our morning teas are a great time to relax and tell a few stories.

Next meeting will be chaired by our Vice President, Jason Ferris as I have a prior engagement which I must attend. Thanks for stepping up Jason and I hope you enjoy the challenge.

On another note for your Club, we reached a milestone of 200 members at our last meeting, so we welcome Mr Lee Robinson to our Club. This is a great achievement for the Club!

Nothing much else to say at the moment as it seems all is going well.

Safe motoring

Robert

Photo's

Amelia

Bindoon

Always a nice drive up to Bindoon even nicer to sample the wares at the Bakehouse. The weather was great not too hot and not too cold. In attendance were Brian Tucker, *Mustang*, Barry and Dot Ryle *Chevrolet*, Brian Pilton *Customline*, Tony and Loris *Daimler*, Rob Hyde, Amelia and Sasha, *HR Holden*, Steve, Pauline and Adele Velden *Ford*, Bob DeJong modern, Ray and Val Smith modern, apologies for those I forgot to mention. Advance notice that we have been advised that the Guildford Heritage Festival is on again next year March 31st so save the date always a good day out.

Tony Warner

Lunch at the Ming Dynasty

Eight of us enjoyed a feast, the plates of food huge. Some of us took some home to enjoy later. It was a merry gathering with the round table making it easy to catch up and have a good laugh. We were joined by Veronica, Bluey's daughter, it was nice to see her again. Hope to see her at other events.

Debbie Paine

From the Secretary/ Registrars desk

The annual Register is with the printer so you will get your copy at the October meeting. A big thank you to Shannon's for sponsoring it for us again this year.

Pretty quiet this month with only a few CMC form 1 requested. I should also remind all new members and our more established members that it is a requirement of the club rules that you attend a minimum of three club events pe year in order to qualify for your concessional licence.

The Wednesday workshop is proving to be very popular, we have had Michael Schultz Comet in for a water pump change out, Domenic with his Caddy and Moped, we actually heard Rob Hyde's Stuart Tuner engine fire up a week or so ago the first time in over fifty years, Dave Currell bought in a fire pump and this was running within a short space of time Trevor Harrison had his Celica delivered as he could not open the bonnet and the battery was flat needless to say that was fixed, thanks to Dave and Warren. Currently working on a small three wheeled Honda, trying to get the lathe moving after a couple of years. There is a rumour of an Austin and or a 1930 Talbot coming in soon. At the time of writing this we have had two Saturdays with the workshop open, no one tuned up for the first Saturday and we only had Michael Hill's Standard Coleshill tourer on the second Saturday. If you need/want some help call the person on the Saturday roster.

STOP PRESS

The midweek runs are back on starting on Wednesday the 10th of October. Just turn up at the clubrooms at 9:00am and we will decide where to go if a run has not been previously organised. A great opportunity to get your concessionaly licensed vehicle out and enjoy the nice weather.

Kind Regards,

Tony Warner

Continuing stories of the Wednesday Men...

An ordered and disciplined mind may be disturbed by what goes on most Wednesdays in the workshop. It's just that activity is somewhat 'unstructured' or 'unplanned' to the novice.

Case in point:

- Egan's Holden ute finds it's way into the workshop in need of a gearstick replacement. OK, work progresses through the morning, the outcome being there is something very wrong in the steering column – hence the broken gearshift. But all is good since the location of a couple of 'good' columns is known. Job put off until next Wednesday.
- In the interim, a trip to Yalgoo. Great time had by all apparently.
- Crew rocks up to the workshop the following Wednesday. Nothing happening with the gearstick. Instead, the ute bonnet is coming off 'cos the donks coming out.
- ?? WHAT ?? The question is asked "Why are we doing the motor"? Mumbled response emanates from the engine bay "it needs a rebuild".
- Something obviously happened in Yalgoo (too much Red I suspect). So, an abrupt change of direction...
- Anyway, grab a spanner and get into it.

Ramblings of a Wednesday Man...

If the workshop was a corral, it would be full of dark horses.

The count of 'mechanics' in the workshop is close to zero. We have ex public servants, ex French polishers, ex builders, ex chippies, ex lawn mower men, ex storemen, ex sparkies, ex fitters etc etc...

To be blunt, if 'self taught' was an occupation, we could corner the market.

And yet, these 'jack of all trades' can get old motorised pushbikes, old lawnmowers, old boat motors, old trucks, old Morris etc etc going with baffling ease.

The 'success' list is quite long. The 'failure' list is zero so far.

A Honda gyro three wheel scooter has turned up. Now this will test the real mettle of the Wednesday men.

It is unfamiliar, broken, missing bits and through it's 'storage life' it has been home to a generation or two of rats. But that in itself isn't the problem, the problem is the rats liking for dining on the wiring loom.

This one is a challenge. Watch this space...

Photos from last Wednesday

Cuballing Tin Run - September 2018

A wonderful event enjoyed by all who attended either on the three day event or those who just came up for the day. The canola crops looked amazing through the lush green countryside. And of course a great lunch was relished at the Kulin Hotel and then we visited the Men's Shed in Kulin where a particular truck took the interest of many. Thanks to John Buise for his great effort in organizing this event.

Amelia

FOR SALE

	Item	Cost	Contact	Phone number
7	One 1959-61 Ford Prefect four door sedan 107E, complete and running, brakes and tyres all done, trim in reasonable condition. Body n good condition and almost ready for paint.	\$2500.00 ONO	Bruce Pugh	0400241392

Property NTR
CMC NTR
General Business
Ray Smith is still looking at getting some grant monies from various government departments.
The Wednesday men cut the grass for the lady across the road.
Brian Pilton asked what could be done to try and encourage our newer members to attend an event.
Jason Ferris donated a defibrillator to the club.
Raffle Winners Gretar, Amelia, Peter and Brian
Display Car There was no display car
Meeting closed 8:48pm

It's a small world.....

On Monday 24th of September a few friends were walking through Fremantle to lunch. Mark in the picture is an avid vintage VW Kombi lover and was talking about building another one, then as we walked past Little Creatures Brewery

Frank Ferrari

Defibrillator

What is a defibrillator you ask? Well let me tell you. It was with great pleasure to be able to source Lifepak Defibrillator for the club. At around \$2000 each they are not cheap, but more importantly they are lifesaving tool. As a qualified first aider a defibrillator is a must have these days.

No it's not used for jump starting old cars, it is a sophisticated life-saving device used to treat Sudden Cardiac Arrest (SCA), a condition that occurs when the heart unexpectedly stops pumping due to an underlying medical condition. If you do use a Defibrillator within the first few minutes of sudden cardiac arrest, it can increase the survival rate to as high as 70%. Therefore, it is vital that more people become aware of what Defibrillators are, how to find them and how to use them. An AED analyses the heart rhythm and recognise an abnormal rhythm, or 'ventricular fibrillation'. It will then decide whether a shock is required to be delivered or not. A Defibrillator delivers a set amount of electrical shock to the heart after it analyses the heart rhythm. It determines whether a shock is required to the heart via adhesive electrode pads attached to the person's chest. The shock then interrupts the chaotic rhythm of the heart and gives the heart the chance to return to its normal pumping rhythm.

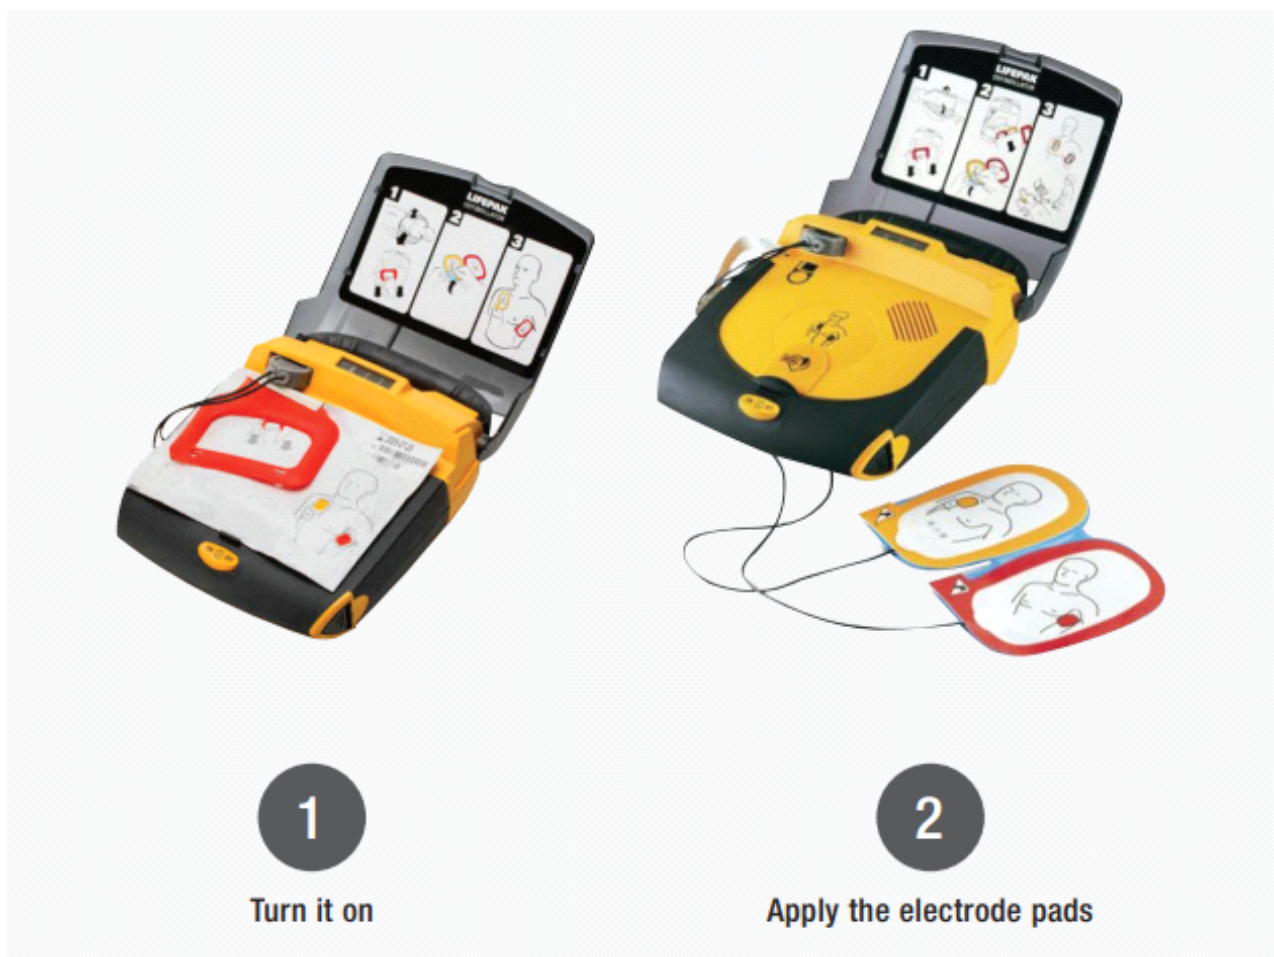

So how does ours work? Very easy.

- Push the on/off button
- Listen to the voice commands

If unsure just follow the pictures.

That's it, very simple and lets's hope we never have to use it!

Jason Ferris

VAA EVENTS CALENDAR - 2018

(Place Fridge Magnet Here)

All Monthly Meetings start at 8pm.

Wanderers Car Run 2018 - Raising Funds for the Royal Flying Doctor Service

Hi Folks, once again we will soon be on another mission to not only help raise more needed funds for the Royal Flying Doctor Service (RFDS), that has been operating successfully for 90 years, servicing most of Australia's Rural, Country and Remote Towns / Areas in our time of urgent medical needs and transportation.

But we also get a fantastic opportunity to cruise, relax, meet new people, have some fun, visit and stay at some of the this great country's towns & regions of SA, Vic & NSW for 9 days in your classic cars, trucks and motorbikes, we will also have travelling with us a **full 5 piece band** that will be performing at each hotel we stop at along the way (good entertainment for all and also try to raise donations), we will be stopping at some exciting places, such as Historic and interesting towns or sites, Museums / car collections, Race tracks, displaying our vehicles at each town for car shows etc.

All the accommodation will be organised for you, or you can bring a swag or the classic van / bus, your team will receive a Car No & Sticker kit, a 2018 Wanderers T Shirt, Hat etc.

Note: we will have a support vehicle & car trailer with the usual items such as Fuel, Water, Oils, some Tools & Help etc, travelling with us for the entire cruise in the case of assistance needed.

The flyer attached has an entry form, it also outlines the itinerary of the run, it has bank details for your Team's entry contribution and any donation you would like to offer whether you, and your co driver join us on the run or not.

We will also accept goods of value that can be auctioned on behalf of yourself or your company with the proceeds going to the RFDS.

Some pics of previous charity runs as attached.

Please Note: I would also like to point out that there is currently an opportunity for your company or your team to have naming rights of this run, which will allow your Company / Team name to be displayed on all the entered cars, with exposure to TV, Radio & Local Newspapers etc, there is also an opportunity to the highest bidder for the rights to be the Pace car for the cruise.

I would also like to take this opportunity to sincerely thank all the past sponsors, volunteers & supporters for their generous donations and or fantastic efforts of these charity runs over the past few years, it is very much appreciated by all involved.

Last run with your generous help, The Wanderers raised a total of \$70,000.00, which was handed over to the Royal Flying Doctor Service and shared equally between South & Western Australia RFDS organisations of \$35,000.00 each.

Folks, if you would like to become the event sponsor (Naming Rights) or place a bid to become the event Pace Car, or enter you team and classic vehicle in this fantastic cruise, or participate in any way, or have any queries regarding this event, please do not hesitate to contact me on 0418 914 617, cheers.

Regards

Peter Callo
